

Project Statement

- *Whose commitment is needed?*
- *Who will have primary responsibility for each work package?*

Page

- In what order must work packages be completed?
- What knowledge, experience, templates, or historical information exists?
- How much elapsed time will each work package take given the type and availability of resources?

Grade Level	Number of Students
1.1	15
1.2	25
1.3	45
2.	30
3.1	40
3.2	55

1888

1888

- What assumptions are being made about working time, resource availability, or other constraints?
- When should work packages start and finish in calendar time?

[illegible]

Project Statement

Enhance the Plan

- Where are there significant opportunities?
- What could go better than expected?
- What is the likelihood of this potential opportunity occurring?

- What will be the benefit?
- What could cause this potential opportunity?
- How can we promote this likely cause?

[illegible]

*p = Probability
**B = Benefit
